

Securities Docket's "Enforcement Elite" for 2025 is our list of the best securities enforcement defense counsel in the industry. Specifically, this list honors professionals who not only have the right stuff to handle bet-the-company matters, but are also the kind of defensive specialists critical to have on speed-dial should the SEC's Division of Enforcement come calling.

The Enforcement Elite list is guided by a simple question:

Who would you hire if you, your company or a family member was faced with an important SEC enforcement matter?

In addition, there are three core requirements. Candidates for the Enforcement Elite:

- Must be in the private sector for at least the past two years.
- Must have a practice that is at last 50% dedicated to SEC enforcement defense work.
- Must be attorneys (as opposed to accountants, economists or other experts).
